

code for <good> 2022

# SUBMISSION GUIDELINES

## 1. Create 7 min presentation video

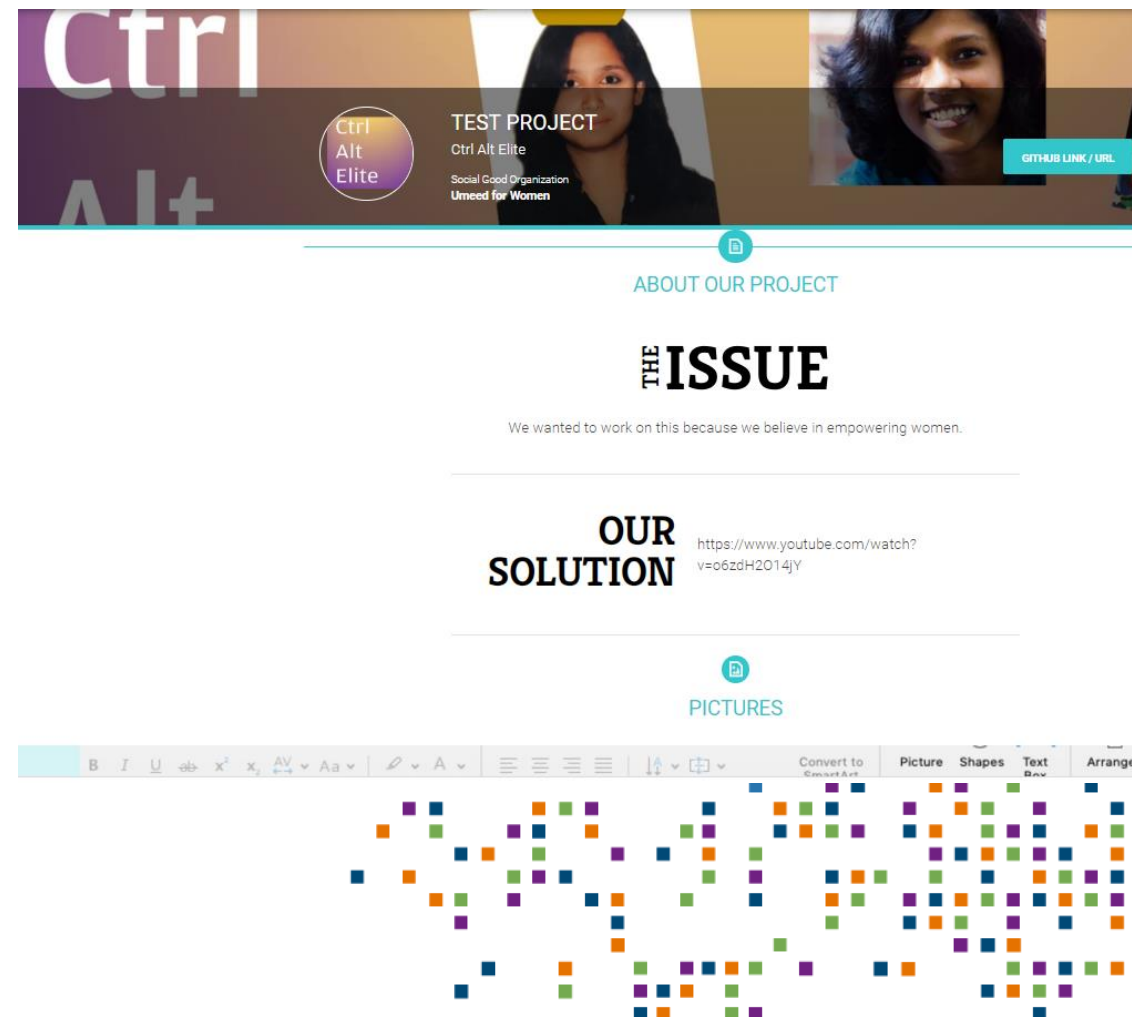

- Requirements:
  - Demo of solution
  - Ideas for future enhancement

## 2. Project Team Page Submissions

- Team Number – Team Name
- Explain the issue
- Explain your solution
- Uploading a video/deck

## 3. Project Team Page – other fun

- Highlight components for tech judges
- Pictures or Team Info

code for &lt;good&gt; 2022

# Project Page Submissions - Mandatory

1

- Team name should start with Team Number
- Include GitHub repository link

2

ABOUT OUR PROJECT

THE ISSUE

As it is rightly said, "Women are the pillars of society". Determination, support and empowerment is what drives the above mentioned statement. The status of women in India varies from region to region and catering to this entire crowd is of utmost

Describe the challenge in the way you have interpreted it or you can borrow from the problem statement

3

OUR SOLUTION

1) Digitized the assignment of tasks on the basis of skills and tracking the progress through daily updates via voice recording, video, image and text.  
2) The women can see their pending tasks,

Describe your solution as a twitter pitch - the field has a capacity of 400 characters.

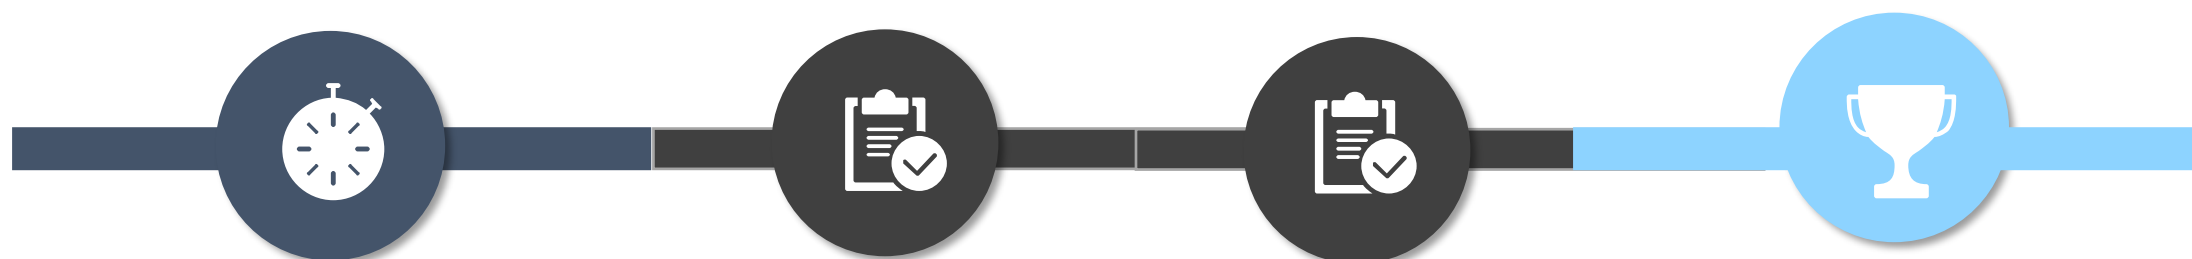

4

THE BEST DEMO EVER

Click Below to Watch Our Demo Video \*

- Update link to **project presentation**
- Must contain demo of solution and presentation (if any)
- Must explain how the prototype helps solve the challenge

# Judging Structure

## Coding Cut-Off: Sunday 10:00 AM

- Submit project video/collateral content
- GitHub Link added to Project Page
- Screenshots and solution description added to project page

## Technical Judging: 11:30 – 1:00 PM

- Presentation pitch to a panel of Technical Judges
- Pitch: 7 minutes + Q&A 5 min
- GitHub code review

## Final Judging: 1:15 – 3:00 PM

- Presentation pitch to a panel of Final Judges
- Pitch: 7 minutes + Q&A 5 min
- GitHub code review

## Closing Ceremony: 3:00 – 4:00 PM

- Closing remarks
- Announcement of hackathon winners

## JUDGING CRITERIA

- Fit to NGO challenge/need
- Level of innovation
- User Interface & Experience

- Quality of pitch
- Technical Complexity
- Completeness of solution
